

# Benq LK952

BENQ LK952

The stationary LK952 3D Laser DLP has 5000 Ansi-Lumen, a contrast of 3000000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lifespan is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. The projector can illuminate a screen width of up to 718 cm thanks to its 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and thus all currently offered Blu-ray formats can be recognized by the projector. The model was built by Benq in 2019 and is no longer current.
