

# DC239

## Emitter Specification

Version NO.: A/00

**T**

### Type specification

DC239  
Single-channel wireless emitter

- Used in the wireless emitter on the projector
- Power supply: 1 section CR2430 3 v battery
- Input voltage: : AC/DC 12V
- Transmitting frequency: 433.92MHz + 100KHz
- Transmitting power: 10 milliwatt
- Transmission distance: 20 meters on two walls
- Operating temperature: -10°C—50°C
