

SG Professional PL Series Electric Projector Lifts

Suitability

The PL Series is a scissor action projector lift for in-ceiling mounting of projectors.

The PL Series is available in models with maximum drop of 1m, 1.5m, 2m, 2.5m and 3m. These suit ceiling heights from 2.4m up to over 6m. The PL series supports weights up to 15kgs.

Features

The PL series features a long maximum drop making them perfect for schools, churches and conference venues.

The SG Professional PL series may be operated via a wireless remote control. It may also be operated from a control booth via the optional low voltage control system.

Warranty and Spare Parts

1 year repair/exchange warranty against defects in materials & workmanship. Spare parts are maintained in our Australian warehouse. An extended 3 year warranty is available separately.

Office Use

The PL Series provides a professional finish to boardroom projector installations especially where there is a drop or false ceiling.

Home Theatre

The PL range is perfectly at home in a home cinema room or lounge room and its matte white housing means that it remains unobtrusive when not in use.

Associated Products

SG Audio Visual offer an extensive range of matching in-ceiling projector screens.
