

SG Audio Visual FF Series Commercial Grade Fast-fold Portable Screen

Suitability

The FF Series commercial folding screens are available in sizes from 3m wide to 8m wide in multi-purpose 16:10 screen format.

The screens are suitable for indoor and outdoor event use and may be freestanding on legs or suspended by fly points in the frame. The large sizes mean that these screens are suitable for large audiences, trade shows and large rooms.

The screens are available with the choice of white front projection surface or grey rear projection surface or both.

Features

The FF Series come with one or more surfaces and a heavy duty click-frame, legs and a road case. The surfaces are attached via press-studs to the frame.

Fly points and are also included with screw in rings to support the frame.

The legs are height adjustable from approximately 50cms minimum to 1.2m maximum.
