Saving your precious memories

The **Epson FastFoto FF-680W** is a wireless high speed Photo and Document Scanning System designed to digitise photos and documents as well as postcards. Many people have loads of photos sitting in a shoebox or put away in a cupboard. **Imagine if those priceless prints were lost forever?**

The FF-680W is the perfect solution, with the ability to scan photographs on both sides in one scan. Epson has eliminated the difficulties associated scanning photo's on a flatbed scanner. It can be so tedious, and many other scanners can't handle stacks of photos in varying sizes. The FF-680W does this with ease, and also includes software that brings new life to old photos, as well as let you to share these images easily via social media.

One-stop photo restoration solution

The Epson Fast Foto FF-680W offers a host of powerful tools for photo restoration. Bring new life to old photos with auto enhancement, color restoration, red-eye reduction, de-skew, crop, and rotate. The scanner can capture full details in both highlight and shadow, delivering exceptionally clear and highly detailed scans.

Scanning Documents easily

The Epson Fast Foto includes both USB and wireless connectivity.

The FastFoto FF-680W scanner is also a powerful document scanner. Using the intuitive software included users can easily scan, organise, email, and store important contracts, receipts, documents, and files.

In addition, users can easily edit documents and save time with automatic file naming, plus powerful productivity tools. With built-in Nuance® OmniPage Optical Character Recognition (OCR), users can create searchable PDFs, plus editable Word and Excel® files.

¹ As compared to other personal/consumer photo scanners, generally defined as photo scanners priced under \$1,000 USD (RRP).
